

HB 1011 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Finds it is in the public interest to adopt this act to simplify the process of interconnecting distributed generation facilities that will be used for net metered customers.

Declares that this act is intended to both identify a class of distributed generators that, because of their selected point of common coupling, can be interconnected with ease and expedition as well as the standards to be used for ordinary interconnections by all utilities subject to commission regulation.
